

<b>Subject:</b>	<b>Microeconomics</b>
<b>Hours:</b>	<b>72</b>
<b>ECTS:</b>	<b>8</b>

<b>Name/title of the author:</b>	Dr David Clowes
<b>Course Description:</b> (min.400 characters)	This is an introductory course to Intermediate Microeconomics. The course is suitable for those who have not studied economics previously or those who have studied economics at a first year university level. The course revises the main components of microeconomics at an introductory level and then builds on this foundation to examine each subject area in a more critical way.
<b>Learning Outcomes</b> (Goals and Objectives of the course): (min.200 characters)	On completion of this course students will be knowledgeable of the main components of microeconomics and will be able to understand and apply the main tools of analysis.
<b>Entrance qualifications:</b>	No Prior knowledge assumed, though this course is also suitable for students who have already completed a first year economics course.
<b>Course Content:</b> (min.400 characters)	To be notified at the start of the course.
<b>Assessment policy</b> (examination):	Examination
